Description:

Discover paradise on earth in this spectacular villa with panoramic views that will take your breath away. Imagine waking up every morning with the blue of the Mediterranean Sea stretching out before your eyes, while the majestic mountains rise on the horizon. From the terrace, you will gaze out at the imposing skyscrapers of Benidorm and the coast, creating a unique contrast between nature and modernity. This exceptional property offers the flexibility of two independent homes, each with its own kitchen and entrance, perfect for extended families or for generating additional income.

The pool area is an oasis of relaxation, where you can cool off, enjoy a barbecue with friends or simply lose yourself in the sea views from the well-kept garden. The interior is not far behind in luxury and comfort: air conditioning for warm summers, central heating for winters, and a cozy fireplace in the living room for cool evenings. The summer kitchen will allow you to enjoy al fresco dining, while the independent and modern main kitchen will delight any chef. Part of the house has been recently renovated in a modern style, perfectly fusing the contemporary with the classic. This chalet is not just a house, it is a sanctuary of privacy and tranquility where you can live comfortably while enjoying some of the most impressive views you can imagine.
